

It's as easy as 1,2,3...

Print this page out and when you do make sure you select page scaling "none" or click off the "fit to page" box in the print window.

1 Stand tall with your foot in the half circle and the paper against the wall! Remember to measure on a hard surface. Measure both feet. It is not uncommon for one foot to be longer than the other.

2 Use measurement of larger foot.

3 Order new shoes now!
